L'azienda produce e offre sul mercato la più vasta gamma di prodotti per pubblici esercizi quali banconi bar, pasticcerie, gelaterie, pub, panetterie, gastronomie, alimentari. Con un inconfondibile e originale design, personalizza qualsiasi ambiente rendendolo unico per immagine e stile.

SIFA operates in the furnishing and refrigeration sector. Drawing on experience reaching back 50 years, it has shaped the history of commercial interior design since its foundation.

The company produces and offers the market the widest possible range of products for retail and entertainment venues, including bar counters and units for pastry stores and ice-cream parlours, pubs, bakeries, delicatessens and grocery stores. With distinctive, original design, it brings personality to every location, with a unique image and style.

**A
NEW
PROJECT**

CUSTOM COLLECTION is a brand new complete range created by SIFA for the design of any location where food is sold.

The programme has been originated by developing and integrating three different models: **ICON**, **COMPOSER** and **KUADRO**.

The versatility of the modules, the vast range of components and the matching finishes offer interior designers infinite opportunities in both style and function.

What's more, the modules are interchangeable, also enabling restyling of the premises over time.

CUSTOM COLLECTION è un programma completo di nuova concezione creato da **SIFA** per la progettazione di ogni tipo di ambiente food.

Il programma nasce dallo sviluppo e dall'integrazione di tre diversi modelli: **ICON**, **COMPOSER**, **KUADRO**.

La versatilità dei moduli, la vasta gamma dei componenti e le finiture coordinate, offrono agli arredatori infinite possibilità funzionali ed estetiche.

I moduli, intercambiabili fra loro, permettono di ridefinire l'estetica del locale anche nel corso del tempo.

Le sottili linee dei fianchi in finitura ottone satinato - come il top - incorniciano i frontali chiusi dark blue del banco ICON con sistema drop-in.

The slender lines of the side panels with satined brass finish - like the top - frame the dark blue enclosed front panels of the ICON counter with drop-in system.

La finitura laccata, coordinata al pannello frontale, esalta il montante a vista del banco ICON: un componente tecnico strutturale si trasforma in elemento protagonista estetico e di stile.

The lacquered finish, matching the front panel, enhances the visible upright of the ICON counter: a structural component turns into a styling, distinguishing element for the collection.

Il gioco dei volumi sul frontale aperto delle vetrine canalizzate risalta grazie alla luce led e al contrasto con il frontale chiuso del banco: per entrambi finiture corten e ferro naturale.

The interplay of volumes on the open front of the in-line showcases is emphasised by the LED lighting and the enclosed front of the counter: both in corten and natural iron finishes.

La combinazione di finiture antracite e peltro opaco veste con stile elegante e metropolitano il frontale del banco bar illuminato a led e la vasca interna della vetrina snack.

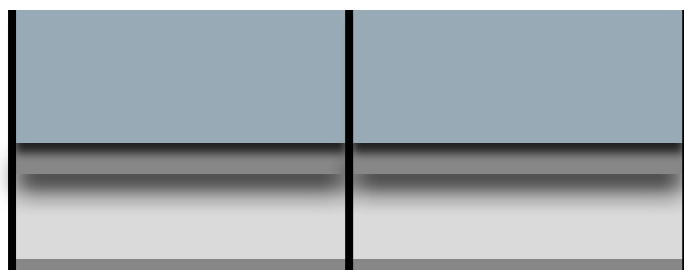

An elegant, metropolitan combination of anthracite and matt pewter finishes features on the front of this bar counter, with LED lighting, and on the internal well of the snack showcase.
